"The Nice Little Distinctions"

You know how much of the success of any Suit or Overcoat depends on what the French call "The nice little distinctions". It is not an extravagance to wear well-made clothes, of good materials.

In fact, it is an economy, because Fit-Reform Clothes wear so much longer, and look so much better, that their cost per season is actually less than any others you can buy.

A great many men—who come to us year after year for their clothes—have proven the economy of Fit-Reform to their complete satisfaction.

The Students' Council Reports Surplus of $622.31 for Last Year

Owing to the fact that the influenza epidemic prevented the holding of the Annual Meeting of the Students' Society, the Council decided that the Financial Report for the year closing June 30th, 1918, should be given prominence in the columns of the "Daily." In accordance with this decision therefore we are printing the said report forthwith:

November 8th, 1918.

The President and Members of the Students' Council of McGill University, Montreal.

Dear Sirs,—We beg to report that we have audited your accounts for the year ended June 30th, 1918, and we submit herewith a General Revenue & Expenditure Account for the year, with Explanatory Schedules, and Balance Sheet as at June 30th, 1918.

The Surplus on the year's operations amounts to $622.31 as compared with $1,429.24 for the previous year. In this connection we would point out that the increased loss on Athletic Activities was chiefly due to the Expenditure on the construction of new courts for the Tennis Club, and also on account of the purchase of new equipment for the Hockey Club caused through the fire at the Arena.

We have seen satisfactory vouchers for the disbursements and have verified the cash on hand and in bank.

Yours faithfully,

(Signed) GEORGE C. McDONALD & CO., C.A.
Auditors.

STUDENTS' COUNCIL OF McGILL UNIVERSITY.

VICE-WARDEN OF R.V.C. WEDS IN ENGLAND

Miss S. E. Cameron Formerly Assistant Professor of English.

NOW MRS. W. VAUGHAN.

Always Took a Keen Interest in Educational and Social Reform.

The English Department of the Faculty of Arts has sustained a great loss this year in the person of Miss Cameron, who gave up the work in the University and left last October for England.

Miss Cameron, who was born in Baddeck, on the Bras d'Or Lakes of Nova Scotia, came to McGill in 1891, taking an honour course in English Literature. She was the Shakespeare Gold Medallist of 1895, and received her M.A. degree in 1896. For the last twenty years she has been a member of the Faculty of Arts, and one of the resident staff of the Royal Victoria College.

Miss Cameron did not confine her attention entirely to her work in the English Department, but took an active interest in all college affairs. She has been an invaluable member of the board of the University Settlement for many years and an untiring worker in the Alumnae Society. She was of great assistance during the early years of the University Magazine, and has earned the gratitude of the successive members of the R.V.C. Delta Sigma Society for the help and advice which she has given as honorary president of that society since its foundation. Miss Cameron was also a member of the Parks and Playgrounds Committee, and was very much interested in the milk station which was established lately in connection with the University Settlement. The McGill Women's Union can testify to her invaluable assistance since the beginning of the war, and her great activity in knitting socks for McGill men overseas. Be-

NOMINATIONS CLOSED FOR COUNCIL REPS

Students Show Little Interest in Nominations.

NO LAW REPRESENTATIVE.

Two Faculty Representatives and President of Track Club Elected by Acclamation.

Nominations closed at 5 p.m. yesterday for faculty representatives on the Students' Council, and also for the president of the McGill Union, and also for the presidency of the Track Club.

It is to be deplored that so very little interest seems to have been displayed by so many of the students. Absolute indifference seems to have been shown by the undergrads in Law, for no one at all was nominated, and as a result Law loses its representative on the board for this year.

Only one nomination was received from the Medical faculty, and one only from Science. For Arts rep., N. E. Peterson, '20, and J. L. O'Brien, '20, were nominated. A. M. McCrimmon, Med. '21, and O. C. Trainor were nominated for the presidency of the Union, and Capt. L. K. Green, Sci. '20, being the only one nominated, was elected president of the Track Club by acclamation. For Med. Rep., Norman Williamson was elected by acclamation, and for Science, J. R. Windsor, '20, was elected by acclamation. Below will be found the nominees and the list of their supporters:—

We, the undersigned, hereby nominate J. L. O'Brien for the office of Arts Representative to the Students' Council:

L. K. Freedman.	N. E. Peterson
J. Levy.	C. H. Adair
H. C. Knolton.	R. D. Floris
J. C. Savage.	W. L. Duncan

MONTREAL, NOVEMBER 28, 1918.

REVIVAL OF THE "LIT."

During the past few weeks there has been quite a revival of interest in regard to College activities. Among other things there is renewed interest in hockey, polo and basketball. The Y. M. C. A. also has outlined a course of Bible Study and Social Service, but there is one society which is about to wake up from its dormant state, and which in the past has in a measure filed a deeply-felt need in the University. We refer to the Literary and Debating Society with which also is associated the McGill Canadian Club.

If there is one thing most Students need it is the faculty of expression, of saying just the right thing they have in mind and conveying the exact thought as they conceive it themselves. How often we have heard it said, I know all about it myself, and it is quite clear in my own mind, but when I began to explain to some one else I find that I cannot adequately express myself.

The failure to find expression haunts us from the Freshman year when we try and tell "who we are" and why we have come to McGill, and remains to some extent throughout the College Course And it is to be regretted that so often men graduate from the University, and when in public life, bemoan the fact that even after years of public service they are still unable to properly express the thought they would convey to others. Now in the Literary and Debating Society we have the means whereby men may gain that experience in some measure. There, in the presence of Students, he gets acquainted with the sound of his own voice; there, he may learn how to say the right thing in the right way and not be filled with confusion when in the presence of some critics.

Coupled with the Lit. we have now the Canadian Club whose purpose was to bring men in public life to speak to the students of McGill on current topics of interest to Students.

In former years the Canadian Club has done good work in bringing before the Student body the best Canadian orators and also many eminent men who might have been visiting Canada.

While we are thinking of sports let us not neglect the cultivation of the finer things of life. Let our College life be a balanced one, let us not emphasize the sporting side to the detriment of the intellectual. Every Student who desires to attain a fair degree of confidence in public speaking or aspires to be able to express himself intelligently should accept the various opportunities which will soon be offered by the Lit. The first duty, however, is to see that the right officers are elected.

One of the duties which falls on the Lit. is that of taking charge of the McNaughton Reading Contest, the winner of which, receives a money prize which must be taken in books. This has been a great event, but lately has not received the support it deserved.

Another institution which has almost been forgotten is that of the Impromptu Speaking Contest, the winner of which held the Reford Cup for a year. It is to be hoped that the Students will so plan their time as to leave a spare evening on the Lit. night and so encourage the officers of the Lit. and also learn for themselves how speeches ought to be made.

WHAT ABOUT LAW?

Nomination of candidates for election to major offices was concluded last night.

For the past two weeks the "Daily" has persistently emphasised the necessity of a real manifestation of interest on the part of the Student body in the pending elections. Certainly the matter is one which deserves consideration and in making a special effort to secure such interest on the part of the electors we had in view the welfare of some of our most important institutions.

Last night the nomination lists were finally deposited with the exception of one from Law. That, through what can only be termed gross negligence, the Faculty of Law has established the odious precedent of forfeiting their right to have a representative on the Students' Council for the ensuing year is something which is almost incredible.

In the face of present conditions, at a time when every undergraduate should be enthusiastically looking forward to the revival of the old pre-war activity, the Law Faculty has proved itself apathetic and dormant.

The situation is one which cannot well be remedied, but the impression which the failure of the Law Faculty to live up to its obligations has left on the Student body in general will be decidedly unfavourable.

GREAT IMPROVEMENT IN WATER POLO TEAM

Yesterday's Practice Showed Greatly Improved Form.

Yesterday afternoon the Swimming Club had a practice at the Y. M. C. A. tank, under the coaching of H. Fisk, Sci. '22. The practice lasted for an hour, and the play of the team was improved at least one hundred per cent. as a result.

Shooting Practice.

Under Fisk's tuition the first fifteen minutes were spent in shooting and passing practice. Miller was in goal, and showed great skill throughout the practice, but towards the end of the period even his skill was of little avail against the improved shooting by the team. Fisk also drilled the men in passing the ball quickly and accurately. The next fifteen minutes were spent in combination offence and defence practice. Five forwards and three defence men were chosen, and a scrub game was played.

In this way the tackling and team play was improved, and goals from difficult positions were scored. The forwards especially showed good form and the defence men had to exert themselves to their utmost in order to stop them.

The last half hour was utilized by the whole team practising trick shots, and this was well carried out, seeing that in this play the coach is one of the best in Canada.

He instructed each man separately in many of the trick shots which he himself has used and found successful in scoring goals for his own club. He is very optimistic about the team, and hopes to make the McGill team a winning one.

All students are urged to turn out on Friday for the next game. The success of the team largely depends upon the support it receives, and those who cannot swim may still do their part by turning out to the games whenever possible and supporting the team by rooting.

VICE-WARDEN OF R. V. C. WEDS IN ENGLAND

(Continued from Page 1.)

sides taking an active part in these varied interests, Miss Cameron has found time to give many public lectures in Montreal, Ottawa and Quebec. Several years ago, in conjunction with Dr. Cunliffe, of McGill University, she edited a book entitled "Poems of Today."

Although Miss Cameron was so busily engaged, she nevertheless took a personal interest in her students, and was ever ready with a word of encouragement and advice. She will be greatly missed by the students of English as a whole and more particularly by the residents of R.V.C. who had the opportunity and privilege of becoming more intimately acquainted with Miss Cameron and of appreciating more fully her kind heart and generous disposition.

On the twenty-second of October, in London, England, the marriage of Miss Cameron and Mr. W. Vaughan, former Bursar and Secretary of McGill, took place. Dr. and Mrs. Cunliffe also of McGill University, were present at the ceremony. Mr. Vaughan is continuing his war work in London, where he and his wife are at present residing.

"LIT." TO REORGANIZE.

The first meeting of the Literary and Debating Society will take place in the Arts Building, on Tuesday, December the 3rd, at 5 o'clock. The business will be the election of officers and the discussion of plans for the year.

Since all students become members of the "Lit." on payment of the Universal Fee, it is hoped that there will be a large attendance to help reorganize the society.

JOHN BRADFORD GAVE ADDRESS LAST NIGHT

"The Student & Social Service" Subject of Address.

PERSONAL WORK DESIRED.

Social Service Should be Made a Tradition of Student Activity.

Last night, at Strathcona Hall, Mr. John Bradford gave an interesting talk on "The Student and Social Service." He commenced his talk by stating that there are two reasons why a student should devote a little time to community work. In the first place, he should render service to those who are not in a position to take advantage of a college course, which he himself is enjoying through the generosity of public-spirited men who have, through financial contributions and otherwise, made it possible for students with moderate means to enter college. Then, again, every student should have an avocation as well as a vocation. As an avocation, a few hours spent in spare time engaged in community service would not only be profitably spent, but would be a source from which the worker would derive a certain amount of pleasure.

Speaking of student activities in Social Service in other universities, he pointed out that in Harvard it was a tradition for their students to engage in some activity of community service. No less than 160 students were at present undertaking voluntary work of this nature.

A large number of organizations in the city depend upon voluntary service on the part of those who are interested in social work, and no one could exert a better influence than a university student. Organizations such as the University Settlement, Hervey Institute, Iverley Settlement, Chalmers House, afforded an excellent opportunity in this direction.

He then outlined how students possessing musical, vocal and other talents could use such among club groups to influence those with whom they come into contact to cultivate a higher ideal in citizenship. Educational work such as teaching English to foreigners is of great importance, and in view of the big foreign population in this city, an excellent opportunity is afforded to students to engage in this very important branch of service.

Social research also gives a wide field for intensive study and investigation to those who desire to undertake such. The study of the street influence on the boy life, investigations of "dead-end" occupations, the possibility of industrial openings for boys, were some of the problems that merit attention.

He enumerated four points which he considered as guide posts to the student worker. First, a real desire to serve; secondly, sympathetic interest in the work undertaken; thirdly, regularity; and, lastly, punctuality.

In conclusion, he spoke on the value of personal service and indicated various ways in which a student may be of service in and about the university.

PRES. ARTS UNDERGRAD TO BE ELECTED TODAY

Receipts for Universal Fee Must be Produced Before Voting.

The elections for the Presidency of the Arts Undergraduate Society will be held this morning in the reading room of the Arts Building. The hours of voting will be from 9. a. m. to 1.00 o'clock, noon.

The office of President of the Undergraduate Society is one of the most important ones in the Arts Faculty, and it is the duty of every member of the Arts Undergraduate Society to vote for one of the candidates. Everyone who has paid the universal fee and is a student in the Arts faculty is entitled to a vote.

This year will be a particularly active one for the society and a man who will be capable of handling the affairs is necessary to the position. Before voting, if the men are not already known to those voting, students should make it a point to find out who they are and what they have done in the past. The mere fact that a student is not acquainted with the candidates should not prevent him from voting. It is necessary that everyone, entitled to do so, should cast their ballot, in order that the candidates may feel that they have the decision of the society as a whole.

Everyone voting will be required to show the receipt for the $10.00 universal fee. Be sure and bring it along.

SERBIAN SCHOLARSHIPS.

For the benefit of students from Serbia, the University of California has set aside two scholarships of $200 each for the purpose of training men to assist in the rehabilitation of Serbia. Similar action has been taken at other colleges in the United States. These scholarships were instituted at the recommendation of Stockton Axson, national secretary of the American Red Cross.

R. V. C. NOTES

Arts '21.

There will be a very important meeting of Arts '21 in the Latin Room, at one o'clock, to-day. It is absolutely essential that there should be a good attendance.

Freshies.

Look at a very important notice now posted on the board in the common room.

Athletic Meeting.

The first meeting of the year of the R.V.C. Athletic Association was held on Wednesday at one o'clock, in the common room. The minutes and constitution were read, and an amendment to the latter passed that the Athletic reporter be henceforth chosen from the junior year.

A letter was read from the Convalescent Hospital thanking the association for the gramaphone bought for the convalescent soldiers from the funds raised at the Gym. Demonstration last spring.

The president, Miss Gwyneth Craig, presented a recommendation from the executive of the association, that this year, owing to the shortened term, class basketball be dropped in favour of a Demonstration. The question was duly discusses and passed.

It was suggested that college matches with Macdonald might be played as usual, provided the latter are willing.

Delta Sigma Society.

A meeting of the Delta Sigma Society was held at one o'clock, yesterday. The business of the meeting was to elect representatives from the first, third and fourth years, as Miss Eleanor Forde and Miss Sally Cameron did not return to college this year. Miss Shirley McRae was elected from first year, Miss Gwen. Ewing from third year, and Miss Fanny Grindley from fourth year.

Those Who Do Not Attend Meetings.

There seems to be an extraordinary lack of college spirit among many of the students. The poor attendance at most of the meetings bears testimony to this. Societies such as the Undergraduate, the Athletic Association and the Delta Sigma are dealing with matters which should be of interest to every student, yet the attendance is nearly always very poor, and it is often difficult to form a quorum.

It has also been noticed that the first people to grumble about the decisions reached in any of these meetings are those who were not there. What right have they to find fault? Why didn't they come and express their opinions when they were acceptable, instead of waiting till matters were settled and then making themselves objectionable by criticising the decisions reached by the faithful few who are trying their best to make the societies successful

It may be a bother waiting till half-past one for lunch, but if the attendance were better the meetings would be shorter, as it would not be necessary to spend so much time looking for stray students in the corridors in order to make up a quorum. Wake up, girls! Take an interest in your societies and the work they are doing!

ANNUAL BOARD MEETING.

There will be a meeting of the Annual Board at 7.30 o'clock, this evening, in the Faculty Room of the R.V.C.

All members of the Board are asked to be present.

THE SOCIETE FRANCAISE TEA.

The Societe Francaise held their first meeting of this season yesterday afternoon in the common room of the R.V.C. Miss Gladys Banfill, president of the society, after a few opening remarks, welcomed the freshmen, and, in order that there might be no misunderstanding, explained the purpose of the society and the privileges and attendant responsibilities of its members. She then introduced Mademoiselle Fouren, the honorary president, who made a charming speech, in which she drew a very amusing sketch of some of her experiences in Paris during the air raids, and showed what tricks one's imagination can play on one in times of excitement.

After the speeches, Miss Winnifred Birkett gave a delightful rendering of one of Beriot's violin selections. Miss Dorothy Armstrong, Mus. Bac., very kindly played her accompaniment. The meeting then turned its thoughts towards tea and conversation, after which it came to a close with the singing of "Hail, Alma Mater," the "Marseillaise" and "God Save the King."

FORMER McGILL MED.

DIED OF 'FLU.

News was received here yesterday of the death from influenza, in Saskatchewan, of Dr. R. A. Donahue, who, eight or ten years ago, was known here as one of the best all-round athletes at McGill College, having distinguished himself in all sorts of events during a period of four years. He also was well known in connection with amateur sport at St. Dunstan, near Charlottetown, P.E.I.

He was thirty-eight years old, and leaves a wife and three children. His body will be brought east for burial.

NOTICES

A dance will be given by the Students' Council on December 6. Tickets are now in the hands of Cuyler, the Hall porter at the Union, selling at 75c for singles and $1.25 for couples. Outsiders will be admitted only if seconded by the students.

Gloves Lost.

Lost—A pair of Tan Cape Gloves. Finder please leave same at "Daily" office and receive reward.

American Club Meeting.

There will be a reorganization meeting of the American Club this evening, at 8 o'clock, in the Union. All Americans are expected to be present.

There will be a Water Polo practice this afternoon, at 5.30 o'clock, at the Y.M.C.A. tank. All swimmers are requested to turn up and help make the team a success.

PEAT DEVELOPMENT.

The coming of peace will not interfere with the plans of the Dominion and Ontario Governments for the development of the peat industry. The Mines Branch of the Department of Mines gives out the following statement:—

The conjoint committee that is dealing with this question is composed of Messrs. A. A. Cole (chairman), R. C. Harris, R. A. Ross, and B. F. Haanel (secretary). This committee has arranged for the construction of two large machines, of different types, that will handle large quantities of peat automatically, thus doing away with costly hand labour. It was hoped that these machines would have been ready for operation this summer, but so much delay was experienced in having them manufactured that it will not be possible to do more than try them out for a short time before the winter sets in. However, next spring will see them producing regularly.

The intention is to compare the performance of the machines and to recommend for industrial use whichever may prove the more suitable to Canadian conditions. Each has a capacity of about 15,000 tons of peat per season. It is fully expected that this final investigation, which is based upon a long series of experiments carried on some years ago by the Mines Branch, will enable Canadian operators to develop profitably our enormous peat bogs.

This will mean not only a growing supply of domestic fuel, but the creation of a new source of electric power generated from peat by utilizing the gas producer, and large quantities of fertilizer (ammonium sulphate) along with many valuable chemical by-products.

PROF. MARQUETTE SENTENCED.

To serve one day in the custody of the marshal, and then to register, was the sentence imposed on Prof. William G. Marquette, of Columbia University, for failure to register for the draft.

CHAIR OF ITALIAN LITERATURE FOUNDED.

The vice-chancellors of Oxford and Cambridge universities have gladly accepted an offer of £20,000 for the foundation of a chair of Italian at both centres from Arthur Serena, who is a son of Leon Serena, one of the banished Venetian patriots of 1848, who was a member of the Provisional Government of Venice in the revolution, and came to England after the suppression of the revolution by the Austrians.

Mr. Serena himself is a British subject, and holds an honourable position in English public life. The announcement follows close upon the Italian Minister of Education's recent statement foreshadowing the foundation of eight new chairs of English literature at Italian universities.

CASE

When this noon you go to lunch,
Save some sugar for the bunch
That we've sent over to fight our fight,
We'll whip the Kaiser or else—Good Night!

Variety Brand High

A BUSY vacation it has been for Canada's youth. Bronzed and hardy, he now returns from the farm, war-garden or factory, conscious that he has helped to no little extent in the fight for freedom. Now comes again the call of books and laboratory, and with it the necessity of new, well-tailored clothes and furnishings. We have special ideas for our student patrons at quality prices.
